CORE Foods - Building a Social Enterprise

Kai Itameri

Chief Business
Development Officer

Kai Itameri is a pioneer of new business models in the food industry. He most recently headed the effort to open **CORE Kitchen**, an all produce restaurant launched late 2015 in the Oakland City Center. He also led efforts to expand the packaged organic food products of **CORE Foods** to over 300 stores nationwide. Previously, he led the expansion efforts of a "grow at home" company, Back to the Roots, to nationwide distribution. Come hear Kai talk about his journey to grow this revolutionary company.

CORE Foods is a certified B Corporation, reinvesting all proceeds back into its mission to bring the healthiest foods to consumers and to empower the community.

Following Kai's talk, we will have a **speed-pitch opportunity and networking hour** - every attendee will have the opportunity to take the microphone for a 30-second pitch or service description.

TICKETS: \$10 through January 20, 2016

\$15 after January 20, 2016
