

New Customers. Better Cash Flow. Guaranteed.

Our purpose is to improve the lives and businesses of our members. At our core is a deep passion for local business, and a personal understanding of the experience of the business owner.

BizX is a community of thousands of local business owners who engage and leverage one another within the BizX network, and a tool called the BizX dollar, which enables them to buy from and sell to one another without spending cash.

The BizX team hosts this diverse network of over 5,000 businesses, and manages the BizX currency, but the engagement and transactions are fueled by the membership. At BizX, it's all about the members.

BizX is totally free to join and to be a part of, and members only pay a small fee when they choose to transact with one another. Nearly all do – because the result is universally positive: New customers and better cash flow.

1. New Customers

Members receive new customers because they accept BizX dollars to supplement their cash business.

2. Better Cash Flow

Members keep cash in their business when they spend BizX dollars instead of cash.

No-Risk Guarantee

BizX is free to join and has no recurring membership dues. BizX earns a transaction fee when we deliver on these two promises.

No new customers? You don't pay.

No ways to spend? You don't pay.

Simple.

"BizX has helped me build my business with customers that are not in my area and don't know who I am."

– AARON MULLER,
AA AUTO

The BizX Community

The BizX community is diverse and constantly growing. Our members know that even when cash is hard to come by, they can rely on our community of thousands of likeminded business owners to turn their products and services into our alternative currency, BizX dollars, that is safe, legal and equivalent to US dollars in value.
